DESCRIPTION:

- The Certified Ophthalmic Technician Exam Review Manual, Second Edition delivers the essentials you need for certification as an ophthalmic technician. Updated to include the latest JCAHPO® criteria, this helpful resource contains over 1,300 exam-style questions and explanatory answers covering everything you need to know.

- Learn new study habits, adopt effective test-taking strategies, and polish your understanding of important subjects with this helpful manual. Topics covered include contact lenses, pharmacology, photography and motility, advanced optics, tonometry, and much more. Photographs and diagrams complement the material by providing visual interpretation. A brand name drug list is also included for your reference.

- Certified Ophthalmic Technician Exam Review Manual, Second Edition is an excellent learning text for students seeking to develop their knowledge in the field of eyecare, as well as a useful reference for physicians.
