**DESCRIPCION:**

Here is the physical therapy management book you have been looking for. Written in an engaging experiential style, this three-part text will prepare you to effectively manage your responsibilities as a therapist and to take your first steps as a manager.

You will begin with a brief, yet broad foundation of basic management theories and an overview of the U.S. health care system. Section 2 addresses the major responsibilities of all physical therapist managers in all settings of practice. Section 3 devotes a chapter to each of the practice setting and addresses the unique managerial challenges found in each.
