DESCRIPTION:

The BSAVA Small Animal Formulary is the Gold Standard for information on drug use in small animal practice. All the information in this edition has been reviewed by an editorial panel of experts in particular fields, to ensure that it is as accurate and up to date as possible. In the three years since the last edition there has been a considerable change in the classification of medicines. The details of this are presented in the Introduction and the new classification is used throughout.

- A to Z monographs.
- Generic and Trade Name indices.
- General handling comments included.
- Health and safety considerations.
