Precio: 79.00 75.05	Iva no incluido

DESCRIPTION:

Sharing the distinguished reputation of its companion text, Clinical Anesthesia, Seventh Edition, this completely revised edition of Review of Clinical Anesthesia provides an effective and comprehensive review in preparation of written and oral exams.

With the intense volume of information available today, trying to keep up with what's new and relevant can overwhelm students and professionals alike. This text gives you the means to stop and review what you've learned with a sense of context and perspective. The multiple-choice questions in this text can be used as a means of self-assessment before taking a written examination. Additionally, the book may be of even greater benefit if it is incorporated throughout one's studies a pretest will help the novice as well as the expert focus his or her reading a post-test will allow one to assess self-mastery of the most relevant material.
