DESCRIPTION:

The Pediatric & Neonatal Dosing Handbook with International Trade Names Index includes more than 1,000 drug monographs featuring concise fields of information specific to neonates and children. It follows a convenient, dictionary-like format, with drug products alphabetically organized and cross-referenced by brand names and index terms. Clear, concise, and relevant Lexicomp drug information is supplemented by an extensive Appendix of comparative charts, tables and supportive information a Therapeutic Category & Key Word Index and an index of international trade names from more than 100 countries.
