	Disponible: De 7 a 10 Días
Precio: 45.40 43.13	Iva no incluido

DESCRIPTION:

International English (IVE) materials have been adapted for training outside of the United States and Canada. IVE training materials have been updated to include metric units of measure and other references that do not apply to students in the U.S. and Canada. IVE is the preferred and accepted format for International English-based training.

The 2020 edition of the Handbook of ECC incorporates the latest science and treatment recommendations from the 2020 AHA Guidelines for CPR and ECC.

- Updated to reflect new science in the 2020 American Heart Association Guidelines for CPR & ECC
- This pocket-sized reference tool, highly-popular among healthcare professionals, provides convenient, quick access to the latest resuscitation science and treatment information
- The handbook is organized by basic, advanced adult and pediatric life support, and newborn resuscitation. It provides algorithms, protocols, sequences, drug dosages, and much more.
- Intended for use by AHA and other instructors and students personnel in emergency, intensive care, or critical care departments emergency medical care providers and regulators and policy makers.
