Precio: 106.00 100.70	Iva no incluido

DESCRIPTION:

Comprehensive in scope, easy to use, and aligned to the texts you trust, Review of Dermatology, edited by Drs. Ali Alikhan and Thomas L.H. Hocker, is a highly effective study tool for your upcoming board or maintenance exam. Using a concise, bullet-point format and mnemonic devices throughout, this unique guide ensures rapid and efficient recall of the information you need to know for exam success!

Key Features:

- All royalties are donated to dermatology-related charities
- Includes new 2nd Edition features such as more thorough basic science outlines discussions of many new and exciting dermatology therapies updated diagnostic and treatment information for adult and pediatric dermatological diseases more detail about cosmetic dermatology options and new NCCN guidelines in skin cancer and 2021 CPT coding.
- Covers all sub-specialty areas, including general dermatology, dermatopathology, pediatrics, pharmacology, basic science, and dermatologic surgery.
- Maximizes retention and recall by using an outline approach, bullet points, and mnemonic devices that clearly identify key information.
- Illustrates and simplifies complex concepts with more than 400 high-quality clinical images, tables, illustrations, and histopathology slides.
- Keeps you up-to-date with the latest hot-topic developments including new biologic agents used in the treatment of various diseases such as psoriasis, eczema and melanoma.
- Reviews topics you won't find in any other dermatology study guide, such as genetic alterations and molecular laboratory studies in melanocytic lesions, soft tissue tumors, and other neoplasms.
- Helps you recognize the often-elusive associations between skin diseases and disorders of other organ systems.
- An eBook version is included with purchase. The eBook allows you to access all of the text, figures and references, with the ability to search, customize your content, make notes and highlights, and have content read aloud.
