DESCRIPTION:

Covering all anesthesia topics from basic to advanced, Miller's Anesthesia Review, 4th Edition, is an ideal resource for self-assessment and deepening your understanding of this ever-expanding and challenging field. Edited by Drs. Lorraine M. Sdrales and Manuel C. Pardo, Jr., this authoritative guide provides high-yield study points in an easy-to-read, bulleted format, along with hundreds of questions, answers, and rationales to help you test your knowledge and identify knowledge gaps for further study. Conveniently cross-referenced to the latest edition of Miller's Basics of Anesthesia, it covers everything from physiologic and pharmacologic principles through anesthetic machine systems, anesthetic delivery in a variety of settings, and anesthesia administration for a full range of disease states.

Key Features:

- Uses an efficient, bulleted outline format for each chapter, summarizing core content and providing self-test questions and workbook tasks that test your conceptual knowledge and rationale.
- Brings you fully up to date with revised questions throughout, progressing logically from basic to advanced topics.
- Includes selected figures, tables, and clinical pearls boxes to emphasize key concepts.
- Features new chapters that reflect the breadth and scope of the practice of anesthesiology, including Clinician Well-Being, Perioperative Point-of-Care Ultrasound, Environmental Impact of Anesthesia, and Perioperative Medicine.
- Provides up-to-date coverage of hot topics such as anesthesia neurotoxicity, sleep medicine, and more.
- Corresponds to Miller's Basics of Anesthesia to help you make the most of your study time, learn more efficiently, and pursue further information if needed.
- Ideal for anesthesia providers of all levels, from new learners to more experienced practitioners.
- An eBook version is included with purchase. The eBook includes interactive multiple-choice questions, and allows you to access all of the text, figures, and references, with the ability to search, customize your content, make notes and highlights, and have content read aloud.
