DESCRIPTION:

Concise, portable, and user-friendly, The Washington Manual® Endocrinology Subspecialty Consult, 5th Edition, provides quick access to the essential information needed to evaluate a patient on an endocrinology subspecialty consult service or in the outpatient setting. Edited by Drs. Janet B. McGill, Julie M. Silverstein, and Sina Jasim, this bestselling manual offers state-of-the-art guidance on the history, physical exam, diagnosis, management, and follow-up for various endocrine and metabolic disorders. Ideal for residents cycling through an internal medicine subspecialty clinical rotation or for fellows who need to better understand the fundamentals, the manual is also useful as a first-line resource for internists and other primary care providers.

- Enables on-the-spot bedside patient diagnosis and management with quick, efficient answers to your fundamental questions about diagnosing and treating endocrine and metabolic disorders.
- Thoroughly revised to include a greater emphasis on treatment and therapies, including coverage of new drugs and expanded content on transgender medicine and diabetes devices.
- Uses a consistent format throughout and outlines symptoms, signs, and problems in bulleted lists for easy, everyday reference.
- Written by specialty fellows and faculty in the Department of Medicine at Washington University School of Medicine in St. Louis.
